1. Standard SciLab Glovebox

QTY	Items	Description	Unit Price (USD)	Cost (USD)
1	SG1200/750TS	1) One all-welded SUS304 stainless steel glovebox for inert atmosphere research (Nitrogen, Argon or Helium) a) Dimensions: 1200(W)x750(D)x900(H) mm b) Fully automatic, PLC integrated (Siemens processor) c) Automatic pressure adjustment; support foot pedal to adjust pressure d) Two aluminum alloy glove ports with leak-free seals, a port cover included e) Two high-performance butyl rubber gloves, 0.4 mm thickness f) All-welded side panels, leak free g) One large antechamber, welded onto right side panel, leak-free, ID = 370mm, L = 600mm; auto-evacuation, easily removable sliding tray h) One mini antechamber, welded onto right side panel, leak-free, ID = 150mm, L = 300mm i) Glass front panel(s); excellent corrosion resistance, will not deform under pressure j) Three adjustable shelves mounted on back walls k) Patented leak-free double vacuum seals l) Ultra-low leak rate (< 0.002Vol%/hr), oxygen inside the box increases by < 2 ppm/hr with the purifier turned off; Regeneration interval ~ 1 year m) Upright solenoid purge valve providing auto purge function and pressure relief; max rate = 200 L/min	35,900	35,900

		n) Edwards RV12 vacuum pump; pump speed 10 cfm; oil mist filter included o) 7" High resolution color touch screen, graphic interface 2) One high-efficiency Vigor purifier a) Organic solvent adsorber (charcoal-based) b) O₂ and H₂O removal material (Zeolite/Cu catalyst capacity = 60 L oxygen, 1.5 kg water); Auto- regeneration; regeneration frequency ~ 1 year c) Energy efficient on-demand auto-circulation; Impurity levels < 1 ppm d) Two 0.3 µm HEPA dust filters installed on purifier inlet and outlet e) High-efficiency and low-noise circulation blower (Fuji Electric, max 26 cfm) f) All stainless steel pipework; no water used for cooling (no possibility of flooding) 3) Four standard feedthroughs on back wall sealed by blank KF-40 caps; one electrical feedthrough included 4) Casters for easy moving and fixed levelers to level and stabilize the glovebox 5) Front panel with LED lighting for illumination		
Standard Glovebox System		Sub Total		35,900

2. Optional Features (added to the system)

QTY	Item No.	Description	Unit Price (USD)	Cost (USD)
1	P-21	Panametrics (former GE) Oxygen Analyzer, PLC integrated (enables auto-circulation of the purifier)	3,000	3,000
1	P-22	GE/Michell Moisture Analyzer, PLC integrated (enables auto-circulation of the purifier)	2,000	2,000
0	P-04	Low temperature refrigerator (450mm X 300mm X 220mm), adjustable temperature, minimum -35 °C (left side)	3,500	Not Selected
1	P-10	Leak-free glove changing system (O ₂ inside the box increases < 1 ppm during glove exchange). Otherwise the port cover is free	1000	0
0	P-60	Cold well (ID150x200mm) with a dewar and cover	2000	Not Selected
0	P-11	Vacuum/gas feedthrough with two valves (tube OD 8mm)	250	Not Selected
0	P-14	BNC feedthrough (4 connectors)	250	Not Selected
0	P-19	Electrochemical feedthrough with 4 banana connectors	250	Not Selected
0	P-12	USB feedthrough	250	Not Selected

0	P-01	Upgrade to Regenerable organic solvent adsorber	1,000	Not Selected
0	P-100	Large heated antechamber (150C max)	2,000	Not Selected
1	P-101	Air conditioner (1kw?, provide furnace details, dims, heat generation, power supply etc)	5,000	4,000
1		Reinforced stand for furnace and materials (~100lbs)	0	0
Optional Features		Sub Total		9,000

3. Discounts

1		Discount	-17,900	-17,900
1		Special Discount	-1,000	-1,000
Discounts		Sub Total		-18,900
Glovebox System		Subtotal	USD	26,000

4. Shipping and Service

QTY	Items	Description	Unit Price (USD)	Cost (USD)
1	S-01	Delivery time: ~12 to 14 weeks ARO	0	0
1	S-02	Shipping/handling terms: FOB/DDP Destination (Customer needs a forklift to unload glovebox crates)	3,000	3,000
1	S-03	Terms of payment: Net 30 days	0	0
1	S-04	3 Year limited manufacturer warranty	Free	Free
1	S-05	Free technical support	Free	Free
0	S-06	On-site installation and training	6,000	Not Selected
Shipping & Service		Sub Total		3,000

5. Taxes

		Taxes		0
Grand Total			USD	29,000
